

PAINT TETROMINOES

10/27

PAINT TETROMINOES

By Rodolfo Kurchan

Shade some squares in the grid to reveal the five tetrominoes shown. The pieces can be rotated and flipped, but not touch each other, not even at their corners.

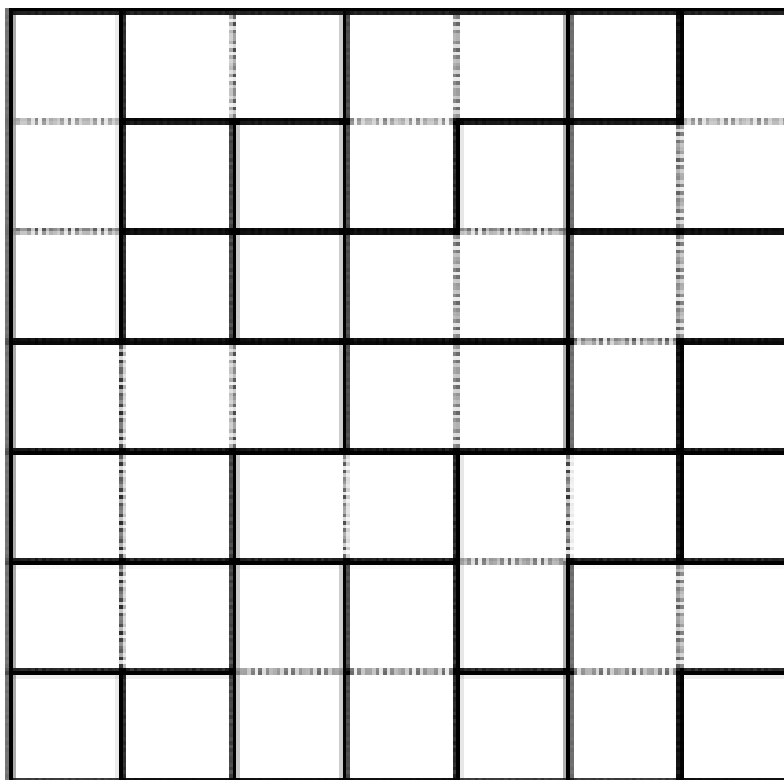

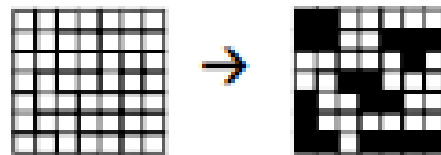

PAINT TETROMINOES

By Rodolfo Kurchan

Shade some bolded regions in the grid to reveal the five tetrominoes shown. The shapes can be rotated and flipped, but not touch each other, not even at their corners. Regions cannot be partially shaded.

Ex.
